Our Guarantee of Satisfaction

While we agree to correct any mistakes in filling orders, and expect our plants to give satisfaction if handled properly, we cannot, because of causes beyond our control guarantee the hardiness or growth of any plant sold by us.

We will, however, replace any perennial that fails to grow for one-half the purchase price providing we are notified before October first.

As to annuals, it is impossible to guarantee that plants grown from seed will be true to color unless they are in bloom at time of purchase.

Our Nursery is State Inspected, Assuring Disease Free Stock

PERENNIALS

Achillea

YARROW

Boule de Neige—2 ft.; all summer. An easily grown plant bearing graceful clusters of double white, daisy-like flowers on long stems. It spreads rapidly and should be divided every year or two in order to keep the flowers large. Each 25 cents.

Aconitum

MONKSHOOD

Fischeri—2 to 3 ft.; September; good plant for the border, bearing blue flowers. The plant prefers a rich soil. It will grow in sun but the flowers will last longer in the shade. It also needs some winter protection. As aconites contain poisonous substances they should be kept away from children. Each 35 cents.

Alyssum

BASKET OF GOLD

Saxatile Compactum — 1 ft.; early spring. One of the earliest flowering plants, suitable for borders or the rock garden, making a spreading mat of golden yellow bloom. Flowers bright yellow, foliage a gray green. When ripe the seed pods have a lace-like appearance and may be used in winter bouquets. Each 25 cents.

Sulphurum—Similar to the above but with a pleasing yellow flower. Each 25 cents.

Anchusa

ALKANET

Dropmore Variety—3 to 5 ft.; early summer and later if first flowers are cut as soon as wilted. Foliage rough and hairy, slightly gray. Flowers a rich gentian blue in loose panicles. A rather coarse appearing plant but fine in masses or as a border. Each 25 cents.
